Jackson Firm Gets Hospital Bond Issue

\$75,000 hospital bond was awarded to Lewis and Jackson, whose low bid of 4.103 per cent insured the entire issue, the Hancock County Board of Supervisors met Monday.

The board also awarded a contract for the immediate construction of the septic tank and drainage of the new National Guard armory to V. J. Piazza, whose bid was \$2,315.

Clerk A. C. Mitchell explained that the board had not advertised for bids since this work was classified as an emergency order and state law provides that bids need only be obtained from three local firms. Mitchell said armory, now under construction, is to be occupied immediately.

The other bidders were Roger Heitzmann, \$2,490, and Monticarlo Plumbing Co., \$2,540.

In other matters, the board assured County Agent Howard Simmons that it would contribute at least \$300 of the required \$400 to finance Hancock County's state contest winning dairy judging team's proposed trip to the Columbus, Ohio, Dairy Fair on Aug. 29.

Simmons, who was accompanied by team members and their coach, Assistant County Agent John Smith, said the group needed this additional judging experience since several dairy breeds were not available in the Deep South. The team will represent Mississippi at the National 4-H Club Dairy Judging Contest at the National Dairy Congress at Waterloo, Ia., in late August.

Three Announce In Final Week

Three more candidates are making their formal announcements this week at the peak of political activity before Democratic primary on Tuesday.

Clarence M. Lader of near Dadeaux, office manager for Landon Lumber Co. of Gulfport and a former Hancock County School teacher, is seeking Hancock County's House of Representatives post.

E. E. Breland, now serving his 12th year as county superintendent of education, is seeking his fourth term.

Robert F. Lader, former principal of Gulfview School, is running for superintendent of education.

Chest X-Rays Set

Free chest x-rays will be given by the Mobile x-ray unit from 8 to 11:30 a.m. Aug. 4 at Bay St. Louis City Hall, according to Dr. James T. Maddux Jr., county health officer.

L&N to Stop Two Trains

Louisville and Nashville Railroad plans to discontinue passenger trains Nos. 1 and 4 of the Azalean run between New Orleans and Montgomery, Ala., Aug. 8 according to Stationmaster George L. Seuzenseau.

Train No. 1 leaves Montgomery at 8:30 p.m., arrives in Bay St. Louis at 8:37 a.m. with destination New Orleans at 5:40 a.m. No. 4 leaves New Orleans at 7:55 a.m., arrives in Bay St. Louis at 9:16 a.m. and Montgomery at 4:45 p.m.

The Interstate Commerce Commission said Tuesday it would not interfere with the L and N plan to discontinue the two trains.

Bicycle Found

A large bicycle was found last week in the streets of Bay St. Louis, according to City Police Officer Jack Lader. The owner may claim it by presenting a description of the bicycle at the police station, 302 Ulman Ave., Lader said.

Polling Hours Fixed; Sullivan Sets Visit

Last minute speeches and heavy stump campaigning by county candidates will present a flurry of activity before an estimated 7,000 Hancock County voters go to the polls Tuesday.

The primary probably will yield the largest number of votes ever tallied in the county estimates the Office of Clerk of Courts, due to an increase of about 1,000 registered voters since the last election year. Some 4,900 voters were cast in the governor's race in 1956, and the county has a reputation for the heaviest voting per capita in Mississippi.

Gubernatorial candidate Charles Sullivan will make a last minute speech at the Hancock County Courthouse at 2 p.m. Saturday. From there he will go to White Cypress Church Fair for a 4 p.m. speech.

All bars in the county will be closed while the polls are open, the sheriff's office has announced. Polls will open at 8 a.m., except in Bay St. Louis where they will open at 7 a.m. State law permits polls to open at 7 a.m. only in municipalities of 1,000 or more.

All polls will close at 6 p.m., except for people waiting to vote. These will be lined up within 30 feet of the voting place by the ballot and voting may continue.

A law passed in 1958 limits issuance of absentee ballots to military personnel and interstate transportation personnel actually engaged in transportation service on a common carrier.

The law includes as military personnel, those in the armed forces and their wives, the merchant marine, civilians attached to the armed forces overseas, and disabled veterans in any hospital.

Military personnel may receive ballots for both primaries as soon as practicable after the ballots are printed, but transportation workers must make application in person not more than 10 days or less than two days prior to each primary.

Tuesday night election managers were told by Joseph Benvenuti, attorney acting for the Democratic Committee, to use their discretion in most matters likely to arise.

Voters will be required to present poll tax receipts for 1957 and 1958 to vote, or have an exemption certificate if over 60 years or recently turned 21. Benvenuti emphasized that the voter goes into the voting booth alone. Voters may receive assistance if they cannot read or

write, or if incapacitated so that they cannot write. The ballot must be marked on the back "assisted by..."

There can be no gatherings of discussion groups within 30 feet of the voting booth, Benvenuti said, nor can campaign material be displayed within 150 feet of the voting precinct. It is the ballot's job to see that these rules are enforced, he added.

Anyone may in person challenge the legality of a voter, and any candidate, or his representative with a written permit, may be at the polls.

Benvenuti added that if a voter marks two candidates instead of one, or one where two should be voted, the vote for that office is to be disregarded.

Fast Truck Hurts

Waveland Property

An old model panel truck traveling at a high rate of speed down Jeff Davis Avenue, Waveland, jumped the intersection at Nicholson Avenue about 1 a.m. Thursday, and crashed into A. J. Thompson's yard.

The automobile which ran over a mail box belonging to Mrs. Lena Cuevas and destroyed a section of fence in the Thompson yard reportedly belongs to Robert Hill, Cedar Point.

Thompson said the man told him he would return Thursday afternoon to get the car and repair damages.

Thanks from Board

Waveland Mayor Garfield Lader and the town's board of aldermen are extending their appreciation to the Waveland merchants who have contributed toward installation of concrete benches on the public beach at Coleman Avenue.

Ramond Blasts Hubbard During VFW Rally Sunday

Candidate for Supervisor of Beat 5 Earl Ramond in a speech Sunday night at the Veterans of Foreign Wars' political rally severely criticized incumbent R. J. (Manny) Hubbard's administration, charging inefficient and wasteful action during his two terms in office.

Ramond told the audience of about 350 people, "The worst investment I have ever put forth in my life was putting out \$25 for Manny Hubbard's cards eight years ago." He asserted the American Legion was due all credit for the hospital and not

Waveland Hears Gartin Pledge Industrial Aid

Gubernatorial aspirant Carroll Gartin told a crowd of approximately 175 spectators at Waveland Town Hall Thursday night that his plans for industrialization of Mississippi included creation of a special department on the Agricultural and Industrial Board to work exclusively with small towns like Waveland to attract industry. He would limit the department to serving areas with less than 4,000 population.

Rain, indicated by pre-rally showers, held off until the final minutes as Gartin and 21 other candidates spoke.

By allowing supervisors to borrow against their anticipated income, Gartin said he plans to pave all rural roads and school bus routes.

"I believe in building now rather than later when construction prices will be higher," he said.

Gartin defended his stand on better pensions for the state aged, which he said had been twisted and misquoted by his opponents. He said the state pays \$33 a month old age pension for support and medicine. By using a certification issued by the public welfare department, Gartin advocated increasing payments to those needing medicine. He accused his opponent, Ross Barnett, of writing letters to defeat this program.

Gartin quoted Barnett as saying that the old age program would lead to socialized medicine, which he denied, stating he was firmly opposed to any form of socialized medicine.

"The \$400 million enjoyed by the state last year from tourist trade could be increased to a billion in five years if this business is developed," Gartin continued. "My plans include expenditures of \$300 thousand to increase tourist trade next year."

Gartin accused Barnett of having salaried employees touring

the to spread an organized system of mud-slinging. "I call them poison-peddlers," he said. Defending himself against charges that he would not be his own boss when elected governor, Gartin said he wouldn't wear the collar of any other man or organization. He told the crowd that he was just the hired man and servant of the voters.

"You don't elect someone just because he has a great ambition to be governor. Every other Mississippi governor in this century has recognized the importance of experience in public affairs. Each recognized that he must start at the bottom, or at least show the people what he is able to do," Gartin said, citing the rise of Bilbo and other state politicians.

Police Probe A-1 Breakin Early Friday

No leads have yet been uncovered in the theft of an estimated \$800 in merchandise and an undetermined amount of money from the A-1 Radio and Television Sales and Service early Friday morning.

Law enforcement authorities in Mobile, Biloxi and New Orleans and the Mississippi Highway Patrol have been notified, according to Bay St. Louis Police Officer Jack Lader. Lader said the shop was looted in a manner that indicated "the work of a professional."

Time of entry was estimated after midnight since the Star Theater and the American Legion home facing the establishment were open until that hour.

Lader said the store was entered through a front window after the glass was removed with a glass cutter. The cash register containing an undetermined amount of money and a check for approximately \$8 were taken.

Missing also were one Motorola stereo record player, model 3F11, serial No. 11007; two Dynavox record players, model 180; one stereo adapter kit, Motorola model 3HKM; one Remington Rand portable typewriter, serial No. J959556; one Motorola clock radio, model SC13P, and one portable radio belonging to a customer, on which the serial number was not available. The cash register bears the serial No. 4768632.

Lader said an iron bar running vertically across the window blocked attempts to remove portable television sets.

More Safety for Pilots

Mr. R. Flanagan Gray, son of Mr. and Mrs. R. F. Gray of Bay St. Louis, last month became the first winner of the Fliedner award by the Aviation Medicine Acceleration Laboratory. This is one of the highest honors that the Bureau of Aeronautics can bestow on a civilian.

Mr. Gray earned the trophy for his testing of a new system for the protection of pilots against high acceleration forces. During the tests he set a world record by sustaining 31 times the force of gravity. Last October he received an award for his origination of this system of protection against this hazard to pilots.

Congratulations!

More About Letters

On two occasions the Echo has urged its readers to write letters to the Editor for publication. Each time it has pointed out that such letters must be signed, although the Echo will withhold publication of the name as requested. In addition to the letters printed today, two have been received that are unsigned and consequently could not be printed. One deals with dogs and the other with the election. If the writers will sign their names or write a similar letter, signed, this paper will gladly print them.

Bumper strips urging the public to vote for various candidates are a common sight on Hancock County roads right now, but the strip on one car boldly urging "Stop Khrushchev" is puzzling. In which beat is he running for office?

St. Clare's annual fair is this weekend. It presents an opportunity for combining fun with helping a growing church. Don't miss it Saturday and Sunday.

Letters to the Editor

Editor, Sea Coast Echo:

Your article in the last issue covering the candidates for the various offices in the coming election was read with great interest.

In the same issue, there appeared an announcement of his candidacy for reelection submitted by the Supervisor of Beat 4. In this article, an effort is made to convince the voters of this Beat that he has done everything in his power to give us roads.

During the 12 years of his administration, Beat 4 has been allocated approximately one half million dollars for the upkeep and improvement of roads and bridges and we do not have one foot of improved road or one decent bridge to show for any part of that sum.

The voters and taxpayers of Beat 4, in an effort to get a good road, voted a bond issue in the amount of \$75,000 which increased our taxes. The \$75,000 is about gone and we still have no road.

We have just four miles of good road and two bridges, all of which was paid for with State aid. The road and bridges on the Poplarville road north of Kiln was constructed by the State. The bridge over Sandy Creek at Fenton was constructed over 12 years ago, a bridge which includes new approaches approximately one mile long. Approaches of raw dirt which were almost impossible in wet weather and were not gravelled for 11 years.

School buses loaded with children are repeatedly skidding into ditches trying to travel these so-called roads.

With the exception of roads and bridges, nothing has been done here, but a number of death traps which not even a child in its wildest fancy could call a bridge. As for roads, had the wagon trains of 100 years ago been forced to travel the roads of Beat 4, the West would still be Indian Country.

The people of this Beat are not stupid enough to think that a little oil sprayed on the road constitutes a good job of black toping.

Including the \$75,000 bond issue, approximately \$175,000 in State aid and the half million dollars allocated by the County, it adds up to an awful lot of money to pay for four miles of road and two bridges.

The investments of my wife, my daughter and myself will be supported on Tuesday, Aug. 4, by not vote.

Editor, Sea Coast Echo:

In a recent editorial on the bus system, the Echo stated that during the period September 1958 through March 1959, one Hancock County JP made more than \$1,200 in the worst \$5 fee

were assessed against all those whom he found guilty. Whether that is true or not I do not know, but I cannot be the JP referred to if your statement is honest, and I want the public to know that as JP I made no such money.

NOLAN S. LADNER

(Editor's Note - Mr. Ladner was not the JP referred to.)

Editor, Sea Coast Echo:

You are probably feeling "pretty low" right now for you have heard from the infuriated. Your editorial was a courageous expression of a progressive thinker. I liked it. So did my wife. I congratulate you on writing such a spirited and stiff-spined piece. Any jellyfish can write from atop the fence and be ready to tumble off at the first sign of opposition. It is good to find forthright, manly stands here and there in this all-too-weak democracy. I think there is nothing wrong with democracy itself. Few people, a pitifully small few, seem to be mature enough for it. All those sold body and soul to a petty faction can include themselves OUT.

Strike again, brother. We like it.

My Favorite Prayer

HON. DOUGLAS DELLO

Under Secretary of State, Washington, D. C.

O God, who hast folded back the black mantle of the night to clothe us in the golden glory of the day, chase from our hearts all gloomy thoughts and make us glad with the brightness of hope, that we may effectively aspire to unwon virtues; through Jesus Christ our Lord.

Farm Telephones Increase in State

About one out of three farms in Mississippi had telephone service in 1958. About 63,000 of the State's farms had telephone service as of July 1958. This was an increase of 19 per cent above the estimate in 1957, 80 per cent above 1955 and 270 per cent above 1950. In 1957 about 25 per cent, or 53,000 farms, had tele-

phone service; in 1955 about 16 per cent, or 35,000 farms, had telephones, while only six per cent or 17,000 farms had this service in 1950.

For the nation, three out of five farms had telephone service in 1958. About 2.9 million of the country's 4.7 million farms had telephone service as of July 1958. This was a five per cent increase above the estimate for 1957; 13 per cent above 1955; and 32 per cent above 1950. Largest increase in number of farm telephones occurred in the South.

There are strong indications that the 1959 vacation season now in progress is bringing a record volume of tourists and visitors to Mississippi, which gives us an excellent chance to top last year's estimated \$350 million tourist industry income.

edition of your paper, which was made by Mr. Little, who was formerly associated with the Hancock County Hospital, concerning the purchase of a drum from the Superior Supply Co. of Bay St. Louis, Miss.

Mr. Little stated that he called the Superior Supply Co. changing the billing said drum from the Hancock County Hospital to his own personal account and this fact is not denied but the call was made after the investigation was under way and made public in the newspapers. Furthermore Mr. Little has never had a personal open account at this firm. Mr. Little then advised the Superior Supply Co. to issue a credit to the Hancock County Hospital for said drum and that he would come personally and pay for same, which was not done.

At a later date this drum was picked up and returned to the Superior Supply Co. from Mr. Little's residence as per Mr. Little's instructions and credit was issued to the account of the Hancock County Hospital.

As a final analysis of the above transaction Mr. Little ordered the drum to be charged to the account of the Hancock County Hospital, drum has been returned to the stock of the Superior Supply Co. and credit has been issued, date of purchase May 7, 1959, date of return July 18, 1959.

Peripatetic Politics

By P. G. Jr.

CORRECTION

In this column last week a sentence read: "There is a tradition in the 40th District calling for the state senator to be a resident of each of the three counties in rotation (a state senator cannot succeed himself)." Candidate Charles Holladay has called attention to the fact that some have, understandably interpreted this to mean that there is a law prohibiting a state senator from succeeding himself. This editor knows of no such law. There was such a tradition or gentlemen's agreement. If any voter was misled by the poor wording, we apologize.

FOR THE RECORD

This editor is a citizen of Hancock County, Mississippi; he is a resident of Hancock County; he pays taxes to Hancock County; and he tries to make a living in Hancock County. He has the same right to express his views as does any other person in Hancock County. Because he is an editor, he has, on some occasions, an obligation to express his views. Neither he nor anyone else can tell him how to vote. Past experience in other countries has consistently shown that efforts at muzzling the press are always part of a scheme to muzzle everyone.

TWO MIXUPS

One candidate must sometimes wonder if the paper has it in for her. Twice now the ad department and the editor have almost fouled up Candidate Bea Georgi's ads. The first time, misunderstanding her, we almost printed her announcement using a caricature instead of the picture she desired. Then this week we almost left out her ad. In both cases Mrs. Georgi was responsible for getting us out of the jam. We really don't have it in for her.

JUSTICE OF THE PEACE, BEAT 5

For several reasons our comments on this race will be short. This editor opposes fee systems generally and specifically for Justices of the Peace; he doesn't know enough about some of the candidates to fairly comment; and in a June 11 editorial obligated himself for this year to make no adverse comments about any candidate that could have been made last week.

One candidate appears by reputation and personal contact to be better suited to handling this job than the others. We refer to Candidate Russell Elliott. Two are to be elected.

In a beat like Beat 5 a JP may legitimately make a large sum. In some beats he would starve. We hope the voters will select two JP's who are intelligent, have pleasing personalities, are good citizens and will conduct any trials with decorum and fairness. Remember to vote for two.

Views of Others

The Associated Press reports that a Michigan committee has formed President Eisenhower's Commission on Civil Rights that certain building, real estate agencies and financial institutions now restrict new housing in Michigan to white families through "gentlemen's agreements."

Negroes are discriminated against by this method and the state advisory committee brands housing segregation as a "growing evil in Michigan."

The lines of residential segregation are more tightly drawn now than at any time in the past, the committee declares. Some progress has been made but Michigan still has much to do in the matter of outlawing "racial discrimination."

It is hoped that the committee furnished copies of its report to Governor "Scoop" Williams and AFL-CIO director Walter Reuther, two Michigan bleeding hearts who are forever denouncing the "evils of segregation" in the South.

If reports by similar groups in other non-Southern states are equally candid and factual, they will reveal the same racial situation and attitudes underlined in the Michigan study.

Nothing is more rankly hypocritical than for self-righteous reformers to point the finger of scorn at Dixie, when "discrimination" flourishes so abundantly at their own doorsteps. — Jackson CLARION-LEDGER.

Trapani Stays in Front In Softball League Play

Bay Softball League played its full six game schedule this week despite a soggy field and weeping skies most of the time. Trapani's remained on top of the heap for the second week running. The only changes in Standings were Youth Center which climbed to sixth and Regal which dropped to seventh.

This week's play saw a weakened Regal drop before top place Trapani's 22-2 in the opener Thursday night. Also on the card was a close one in which C and S squeezed by Southern Realty 11-9. Friday night Georgi's gang blanked Stiefel 8-2 and a gaining Youth Center hit the Bay KC's for an 11-3 loss. Tuesday night Southern Realty dropped Regal 3-1 in the opener and REA upset C and S 7-4.

Stiefel vs. Youth Center and Bay KC's vs. Trapani's. Friday night will be "make-up" night when Youth Center plays C and S. Georgi's goes against Regal and Stiefel plays REA.

Election night will see Southern Realty vs. Trapani's and REA vs. Georgi's in what promises to be an exciting evening for the fans as the two top teams play separate cards.

J. Cyril Glover announced this week that Youth Center has Don Caldwell, principal and former coach at Bay High, for its manager. The slowly gaining team, he said, hopes to go into competition with the top contenders.

Last week's League Standings erroneously listed Youth Center with three wins and five losses. The team had three wins and four losses and is credited with a four and four standing this week.

VFW Rally...

(Cont. from Page 1)

Ramond invited everyone to a political rally Monday night at St. Stanislaus College stadium where he promised to have "something that will open your eyes."

Clarence M. Ladner, candidate for state representative, challenged incumbent Walter James Phillips' leadership and influence in the House. He charged that Phillips lost his committee appointments when he opposed the speaker of the house. Ladner promised support for both public and private schools, fishermen on the seafood commission, industry and increased old age benefits.

Donald Wahl speaking on his candidacy for Senator of 40th district said the main plank in his platform is representation and information. Wahl promised to help get politics out of the schools and told of his stand for segregation.

Henry W. Osolnach Jr., another Senate candidate, called on his listeners not to take a chance on the "untried" and cited his own experience through service in many civic organizations in the county and along the Gulf Coast.

Candidate for state highway commissioner Willard L. Richardson promised to have the tolls removed that are "harassing you people of Hancock, Harrison and Jackson Counties."

He charged incumbent John D. Smith had endorsed a bill to have the tolls removed and when the bill came before committee he sent a highway representative to kill it. Richardson said that when asked about his actions, Smith had said, "I did not want that bridge monkey on my back." In closing, Richardson told the crowd, "I will see to it that the coastal counties get what they rightfully deserve."

Two Wins in Week

Youth Leaguers came through for an 8-6 win over Father Adrian Mercier's Altar Boys Tuesday. Thursday night the youths beat Kila Little League 15-3 before fans at the Carroll Avenue field.

cized the incumbent for his change of mind. According to Andrews, William Winter had earlier in his administration said he would not run for the office under any circumstances.

Others speaking were John Egloff, Welton Ladner and Gerald V. Price Sr., all candidates for sheriff, B. D. Johnson, running for Beat 5 supervisor; Claiborne Ladner, candidate for chancery clerk, and Russell J. Elliott who is seeking one of the two peace justice posts in Beat 5.

LOOK

IT IS THE FIRST TIME IN 20 YEARS
That you have the opportunity to
elect an aggressive, independent
native son to work for you as the
SUPERVISOR FOR BEAT 5.

YOU HAVE THE CHOICE...
Of electing an understanding, far
sighted candidate who has grown
up in and around your problems--
and who wants to DO SOMETHING!

YOU HAVE THE DUTY...
Of voting for the man who is act-
ively seeking progress--not wait-
ing for it to catch up to you.

YOU HAVE THE RIGHT...
To vote the real American Way--
for an unbought, untied, free and
INDEPENDENT CANDIDATE.

**Everybody's
Candidate**

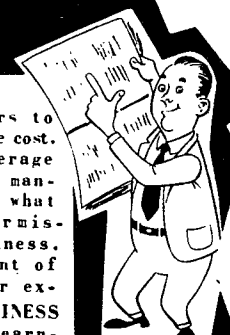

YOU CAN LEAD THE WAY INSTEAD OF BEING LED!
Democracy is a wonderful thing--so is the
Freedom of speech and expression of thought.
Unfortunately, these principles can be ab-
used for personal reasons even by the so-
called professional people whose training,
however extensive, does not qualify them
to judge the abilities of political candi-
dates any better than YOU.

LET THOSE JUDGE WHO HAVE NO AX TO GRIND:
You as an impersonal, thinking voter can
reserve the right to judge whether proven
business ability such as I offer to this
job does not out-weigh all blandishments
of tenure of office--always a smokescreen
for professional politicians.

Statement of August J. Scafidi

MY CAMPAIGN IS AN OPEN BOOK!
As you will have noted, I have utilized the newspapers to
advance my candidacy in this campaign at considerable cost.
This I have done in order to insure the maximum coverage
in minimum time, together with the fact that in this man-
ner and only in this manner can you, the voter, see what
I stand for in black and white without double-talk, or mis-
understanding, or doubt about my ability to mean business.
Unfortunately, or fortunately, according to your point of
view, I have no years of public office-holding at your ex-
pense to use as a yardstick of ability, only my BUSINESS
INTEGRITY. In that I pledge myself, and for that I earn-
estly appeal to you ALL, even though time has not permit-
ted me to pledge it to you personally, to support my candi-
dacy for Beat 5 Supervisor.

DON'T BRING MONEY--JUST BRING YOUR VOTE!

Shouldana Gone Fishin'

By DAVID WEBB

Joe Glover, Deck Elliott and Maufrey caught 43 porch green trout Sunday up the river using fly rods. Glover caught a "big black bass", Maufrey said.

Walter Jr. and Larry Gagnon, sons of Mr. and Mrs. Gagnon, caught 25 croaker and a flounder Wednesday off the pier using casting rods.

Whether you call him a cod, cotton fish, cypress, blackfish or lake lawyer, bowfin is a good catch. This over from the age of reptiles equipped with both lungs and he can survive without air indefinitely by burrowing the mud.

The name "Bowfin" comes from the fish's dorsal fin which extends from tail almost to his head. His mouth and jaws are strong and filled with razor sharp teeth. He is by far the most powerful fish for size. This lake fish will sometimes take a plug usually used to handle him in the best way to handle him in the strong line, with a piece of food dripping meat fish close to the bottom of a muddy stream. He is a tough, for they come in 20 pounds.

Season Set Mississippi

he state's split dove season Sept. 9 and runs through Dec. 28. The second season will run through Jan. 1960. Shooting regulations remain the same as those of last year. The bag limit is 10 doves per day; possession limit 20. Shooting hours are from 12 until sunset.

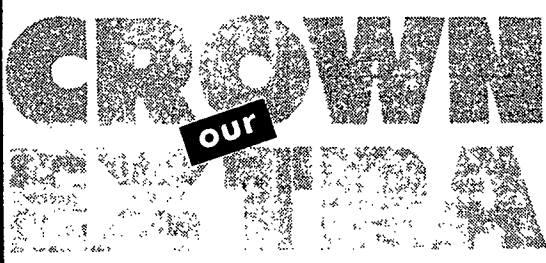

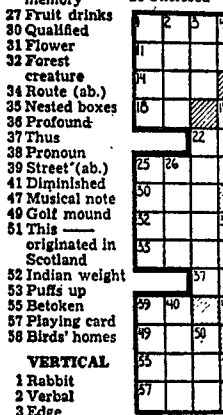

he recently completed dove breeding population is generally equal to that of 1958, and such slight changes as may have been noted are not significant. It appears at this time has not been any significant decline in the dove population, and at the same time has not been any increase in sequence over 1958.

Congressional Sidelights

By Rep. WILLIAM M. COLMER

ADJOURNMENT AND POLITICS

Usually this time of year the Congress is in a drive for adjournment. Sessions are long in both the House and the Senate, sometimes running well into the night. However, this year, the ven for adjournment seems to be confined to the rank and file of the membership. The leaders, who, after all, control the length of the sessions, have given no indication of a drive for winding up the session. There is an undercurrent of opinion in the Congress that the 1960 Presidential as well as Congressional political races are being formulated. The ground work is being laid for party politics in 1960. While most of the appropriation bills have either been enacted or are in the final process of being enacted into law, there are a number of highly controversial (political) issues to be disposed of. Among these are labor, housing and civil rights (civil wrongs).

LABOR

Although the question of a labor bill is highly controversial, it would now appear that there is going to be some type of labor legislation passed before Congress adjourns. The disclosures of the McClellan Committee over the past three years of the abuses of the power enjoyed by certain corrupt labor leaders have created such a furor and demands by the general public for legislation that would curb the power of these labor leaders and protect the funds and rights of the rank and file of labor as well as the public interest that both the Democratic and Republican leadership are now convinced that a labor bill must be passed. Whether the act passed will be strong enough to do the job demanded by the public and the rank and file of labor remains to be seen.

HOUSING

The Presidential veto of the housing bill will demand some new or substitute legislation on that subject. It is generally agreed that the proponents of the original housing bill do not have the votes to override the President in the House even though they should succeed in the Senate. The prospect is that a much reduced Bill, not to exceed in cost \$1 billion, will be passed within the next 30 days.

"CIVIL WRONGS"

In the search for the Negro vote, both parties are playing the same old game. But as usual, the liberal Democrats are the aggressors. The majority leader in the Senate, Lyndon Johnson, who steered the 1957 "civil wrongs" bill through the Senate, has set civil rights as a MUST before the Congressional adjournment. The sub-committees in both the House and the Senate have reported bills to the full Committees. The prospects are that bills will be reported from the Committees in both Houses.

Hometown Program Enters 3rd Year

Mississippi is in the third year of her "Hometown Development program." In 1957 there were 127 communities that participated. In 1958 the number increased to 153. At present the 1959 program is in its formative stages.

Last year 1,640 community-improvement projects were completed. An estimated 50,000 persons cooperated in these many projects. Under the program the committees hold an old-fashioned town hall type of meeting.

BERT FRANK LADNER

Announces His
Candidacy for
SUPERINTENDENT
of
EDUCATION
Hancock County

THE PEOPLE OF HAN-

CO, friends, because of my
desire to see the chil-
dren in the County Schools
of Hancock County have the highest
of education available, I
myself as a Candidate for
Superintendent of Education.

To most of you, I need no
introduction but for the benefit
of those whom I have not yet
had an opportunity to meet, I
like to briefly state some
qualifications concerning my background
and experience.

I was born 32 years ago, a
son of Mr. and Mrs. Frank
Ladner of Kiln. My wife is the
Miss Dorothy Stockstill
McAune and we have two
children, Kenneth, seven years
old and Louise, five years
old.

I was graduated from Kiln
School and Pearl River
College. I have a Bache-
lor of Science Degree from
Mississippi Southern College.
I have completed all require-
ments for a Master's Degree
in School Administration. My
teaching experience includes
years as a class room
teacher in Hancock County and
years administrative expe-
rience as Principal of Gulf-
School.

I am an overseas Veteran.

of World War II, having served
in the Marine Corps. I am a
member of the American Leg-
ion, Veterans of Foreign Wars,
Rod and Gun Club, Mississippi
Education Association, and
Hancock County Teachers
Association. I am a former Boy
Scout Master and am genuinely
interested in all phases of youth
development.

My platform includes the following:

- (1) Improved Methods of Ac-
crediting County Schools.
- (2) Improved Curriculum in
County Schools.
- (3) Improved transportation.
- (4) Establish and ADHERE
to a fair wage scale for teachers
according to their educational
qualifications and teaching ex-
perience.
- (5) Support 4-H Clubs and
other 'worthy' youth programs
such as Girl and Boy Scouts.
- (6) Work to maintain segre-
gated schools.

As a Candidate for County
Superintendent of Education I
offer to the people of Hancock
County the strength of my youth,
the knowledge of my educational
training, and the wisdom of my
teaching and administrative ex-
perience. I shall sincerely ap-
preciate your vote and influence
in the August 4th primary.

Inboard Regatta Winners

Despite choppy water and
rainy skies which delayed Bay-
Waveland-Sideliner's inboard
regatta for almost three hours
Sunday, the race proved a big
success to over 1000 fans attend-
ing.

About 30 boats and drivers
from Mississippi, Louisiana, and
Florida, entered in four
classes, hit the course at speeds
up to 120 miles an hour after
a series of rains and showers
calmed the bay.

During the small squall one
of the drivers, Earl Bridges of
New Orleans, who later won a
first and second place in 48 Cu.
in hydro competition, complat-
ed "That water's too rough. I'm
not putting my boat in. It'd be an
endurance test, not a race."

In a driver's meeting shortly
after Bridges made his state-
ment, Ferd Argence, chairman of
the race committee and an offi-
cial of the American Power Boat
Association told the drivers,
"You can't run right now. If any
of you want to race we can wait
a while to see if it calms some.
If it doesn't, we just can't race."

Fortunately a shower fol-
lowed, changing the wind from off
the channel to a land breeze which
died leaving only small ripples on
the bay. Racing officials de-
scribed conditions excellent for
racing.

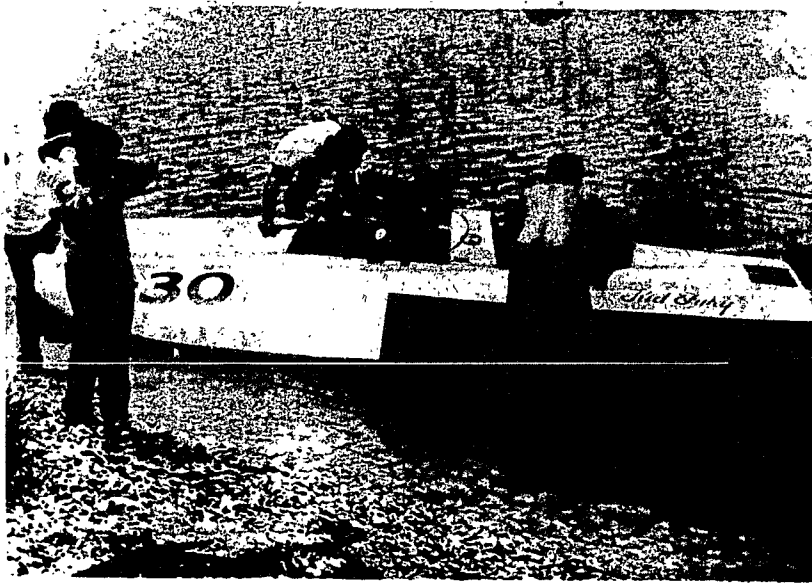

D and E service runabouts
which were scheduled to race
Sunday did not arrive for the
races. Officials said it is dif-
ficult and expensive to take the
large boats equipped with Cadillac
type engines developing over 300
horse power, to small races such
as this. One official explained
there are only four D and E
runabouts in this circuit and un-
less all of them can be in a race
together it lessens the interest.

The first race, a contest be-
tween ten 48 cu. inch runabouts
equipped with Crosley type en-
gines took the course shortly af-
ter the bay cleared. Winners and
classes: First heat, 48 cu. in.
runabouts using Model "A"
ford type engines: Y-13, Rang-
ers Pup, driven by Earl Bridges,
New Orleans, time 4-9-1; Y-82,
Bayou Belle, Joe Stracusa, Mor-
gan City, La., time 4-10-3; Y-19,
Pretty Baby, Emie Argence, New
Orleans, time 4-14-0.

This was the first race and
one of the most exciting of the
day. Fans got a thrill when the
three top men crossed the finish
line almost together, sending
spray flying all over from their
"cock combs."

The second race featured 266
cu. in. Hydros using late model
V-8 engines. Only three boats en-
tered this event with one dropping
out from engine trouble.

Winners were: F-30, Kid
Fury, Henry Bonnezaze, Baton
Rouge, La., time 3-46-0; F-41,
Flying Cloud, Don Labarre, New
Orleans, time 3-47-1.

JUS' WAITIN'—Waiting for the races to start are the driver and pit man for this big 266 cu. in. Hydro which competed in the Bay-Waveland Sideliner's Inboard Regatta Sunday.

Yacht Club Will Conclude Lipton Series

Five final races Sunday com-
plete 10 weeks' competition

Club's 29 expert skippers for
Sir Thomas Lipton Challenge
Races in Biloxi Labor Day
weekend.

Following this weekend's
races the top six skippers of
Bay-Waveland will enter a 12

In the 44 cu. in. runabouts
using Austin type engines, Jimmy
Bowles, Metairie, La., took an
early lead from National Cham-
pionship in a race at Morgan City.
Placing were: Z-41, Flying Mule,
Jimmy Bowles, time 5-10-2; Z-1,
Angel Chile, Jimmy McConnell
Jr., time 5-15-0; Z-19, Boogie

Take These Tips For Better Boating

Some practical recommenda-
tions should be kept in mind by
all who operate motor boats in our
state. These suggestions are: Be
sure the boat is in good condition
and of sound construction before
leaving the dock. Carry the proper
load; beware of overloading.
Take time when operating a boat
and always use common sense.

Remember the wake of a boat
can damage others. Steer clear
of swimmers in the water. Check
weather before going out and have
due regard for it. Respect a
boat and its capabilities.

GERALD PRICE'S MESSAGE TO THE CITIZENS OF HANCOCK COUNTY:

As we approach the eve of our all important coming County election, it would do
well for each and every one of us to review the qualifications of all the candidates
concerned.

Let me take this opportunity to go over my past accomplishments as your former
Constable of Beat 5. I have had the privilege of attending the Federal Bureau
of Investigation School on several occasions which has benefited me in laying
a solid foundation to qualify me more fully for the position which I now seek
with your help. I have worked constantly with the Police and Detective depart-
ments of the surrounding cities and with their assistance have been able to bring
successfully to a close many of the cases which have arisen in our area during
my tenure as a police officer which was for a duration of 18 years.

Previously I have mentioned my sincere intention for a Youth Program and up
to this date plans have not been completed but the outline of the same will be
the formation of a Junior Deputy Sheriff organization, and a Junior and Senior
Sheriff's Posse which will comprise both men and women, boys and girls. These
organizations have been very successful in other communities and with the as-
sistance promised me by both business men and women in our community can
meet with the same success.

Now back to the position of Sheriff. What do you expect and need in this posi-
tion? A man who has proven himself a real officer for 18 years, a man to whom
you can call upon nite or day for the protection which you deserve for your fam-
ily, yourself and your property. It is a known and admitted fact, by the people
of our community, that Gerald Price came when he was called. If you will give
me the privilege of serving you as your Sheriff and Tax Collector as you did as
your Constable, I will dedicate the next four years as a true servant and pro-
tector of the people maintaining at all times my acknowledged reputation as a
true Law Officer.

As an independent candidate and working 8 hours a day it is impossible for me
to contact each and every one but should I fail to call on you it is only due to
the fact that time is running out. I will appreciate your vote on August 4th for
a True Law Officer—that is for Gerald PRICE.

Master Plan Studied for Bay St. Louis

City officials discussed last Thursday with a Mobile city planning consultant, Robert S. Bateman, the possibility of a master plan for Bay St. Louis and its costs.

The program, which drew considerable favor from both Mayor and commissioners, hinges on federal funds allocated through the Mississippi Agricultural and Industrial Board which is backing it.

City Commissioner J. Cyril Glover said the program will possibly not go into effect for three to five years. He added that the federal money is appropriated on a per capita basis and that present funds will have to be stretched over a federal housing project before any can come to municipal planning.

Bateman reported that the A. and I. board will put up half the money required, and the first year the city need put out only \$1,400, or one fourth of the total cost of the program. In any event,

he said, costs would not exceed \$2,800 to the city for the full two years planning work.

Bateman explained that most towns appoint, under the system, a planning commission which sits as a recommending body to council. Council has the final say and rules in cases under dispute. He added that only in rare cases does council reverse the recommendations of the planning board.

"Bay St. Louis spends additional thousands of dollars every

year for insurance," Mayor John Scafide observed, "because we have been dropped to a class 9 area."

Bateman assured him city planning would help reduce this high insurance rate by planning for better and more adequate water systems, better and more efficient fire protection and restrictions to insure that wiring is adequate and not dangerous. He asserted that the planning program would not harass the pre-

sent situation but would be a long range program insuring more liveable residential and more profitable business districts. He added that under urban renewal there would be no chance of costly dead end and T shaped streets being laid out. Through a statistical process, streets will be planned to accommodate any potential traffic.

Urban planning, the program Bay St. Louis will come under, consists of seven points of

planning, including residential subdivision, business and street planning, increasing sewerage, water, gas and electrical facilities to meet demands.

After Bateman and Associates outline the program it is to be submitted to commission council for approval. Council will hold a public hearing on the proposals and after tailoring them to fit the needs of the city it will be adopted as the plan for Bay St. Louis' future growth.

The Mayor and Commissioners J. Cyril Glover and Warren Traub said results from this program will not come overnight, but indicated that it promises comparatively unlimited growth potential to the city.

To Sponsor Rally

Leetown Community Center will sponsor a political rally from 2 to 10 p.m. Aug. 1 on the Leetown school grounds, according to Culbert Lee, president.

ST. CHARLES WELL.—This well on St. Charles St. was recently completed. City officials found it necessary to renew old well when a filter screen collapsed and began throwing into the water.

Mr. and Mrs. Howard Adams, a son, John Robin, born July 27 at Gulfport Memorial Hospital.

U.S. Spending Ups Hancock's Share Of Federal Debt

Mississippians were placed \$52,672,000 further in debt because of Uncle Sam's \$12 1/2 billion deficit spending during the past fiscal year, and Hancock County's share of this deficit is \$356,200.

These figures were released by the Mississippi Economic Council-State Chamber of Commerce, with an appeal that the federal budget be balanced to help halt inflation and stabilize the nation's economy.

Mississippi is estimated to bear .42 per cent of the total federal tax burden, while an economic index estimates that this county's share is .68 per cent of the state total.

"It is interesting to note that while the state's treasury had a surplus of some \$30 million at the end of the 1958 biennium, Mississippi's citizens went in debt over \$52 1/2 million in the past year due to heavy spending by the federal government," the MEC said. "If the trend is allowed to continue, inflation will continue to gnaw at the heart of our economic system, and will eventually destroy it."

Mrs. Phelan Golf Winner

Mrs. A. M. Phelan won top honors in the weekly ladies day competition Tuesday at Pass Christian Golf Club. She posted a low net of 40 for nine holes.

Mrs. Phelan also topped low puts with 15, but could not win both honors. Mrs. Cary Spence was the next low scorer with 17, but had already won low puts for July. Tied for third place were Mesdames Jack Lang and Walter Russo with 18. Mrs. Russo also won low puts in July.

Others competing and enjoying the luncheon later were Mesdames Bert Stiefel, James Farmer, Ed Gamard, Richard Hupp, Guy Bufkin, John Griffin, Powell Glass Jr., Ed Perry, Walter Gex Jr., James McDonald, Otis Winward, W. P. McCutcheon, Paul Maloney, Robert Riggs and Miss Maud Frye.

Mrs. Harold Cohn is next Tuesday's luncheon hostess.

Mrs. Ellison Leads Study for Circle

Mrs. A. M. Ellison Jr. led the third session of the current study, Understanding Other Cultures, when the afternoon circle of the Woman's Society for Christian Service of Main Street Methodist Church met July 21.

The meeting was opened with a prayer by Mrs. H. Hannah and the business session was presided over by Mrs. Alice Buckley.

A buzz session with two groups listing and comparing values from the New Testament teaching and those values to which are given the most time, thought and money ended the lesson. Mrs. C. M. Shipp gave the closing prayer.

Co-hostesses, Mesdames C. M. Shipp, J. A. Evans, W. C. Randolph and Miss Allie Coyne, served refreshments to the 18 members present.

TO THE PEOPLE OF MISSISSIPPI

Greetings -

As the current statewide political campaign comes into the "home stretch" we wish for all the people of Mississippi to know how these of us connected with the courts in this area feel about Charles L. Sullivan, District Attorney for the 11th Judicial District of Mississippi, and a candidate for the Governorship of Mississippi.

First, it has been our pleasure to be associated with Charlie Sullivan in his and our respective lines of duty and we are agreed that he is one of the most capable, most honest and most devoted men we have ever known in public life. He has, on every occasion discharged the duties of his office with ability, vigor and rare judgment and on every occasion has represented the people of his judicial district with honor and dignity.

It is our opinion that he could have been District Attorney in this district as long as he may have desired the position. He is admired and respected by his people and they like the efficient manner in which he conducts his office.

It is our purpose in writing this open letter to say that all of the undersigned are actively supporting Charlie Sullivan for the Governorship of this state and we commend his candidacy to the serious consideration of all the people of Mississippi.

Respectfully -

SIGNED:

R. E. JACKSON, Chancellor, 7th Chancery District Cleveland, Mississippi

E. H. GREEN, Circuit Judge, 11th Judicial District Cleveland, Mississippi

J. T. LOWE, Judge, Tunica County Court Tunica, Mississippi

BEN CALDWELL, County Atty. Quitman County Marks, Mississippi

MARTIN GARNER, County Atty. Tunica County Tunica, Mississippi

BY CECILE TURCOTTE

HOT 4659

Mr. and Mrs. Judson Crane, Jr. and children of New Orleans are enjoying a three-week stay at the home of Mrs. Crane's parents, Dr. and Mrs. Edwin Socola on Oak Blvd.

Mrs. Richard Kramer has returned to her home on South Beach after an extended tour of Europe and a lengthy stay in Istanbul, Turkey, with her son-in-law and daughter, first Lt. E. J. Petroski and children, Richard and Charlotte.

Mr. and Mrs. Melvin B. Young have returned to Shreveport, La., after spending some time at the I. J. Boulet home on Beach Blvd.

Mrs. J. J. Anderson and daughter, Dianne, and her mother, Mrs. Porter have returned to their home in Mobile, Ala., after spending several days with Mr. and Mrs. John Munch and daughter, Linda.

Mrs. Walter Turcotte Jr. and children, Butch, Lauren and David left Thursday for Jackson to spend two weeks with her parents, Mr. and Mrs. Austin Clement.

Mr. and Mrs. Sidney Mansore and son, Roger, spent the weekend at their new home on Waveland Avenue.

Shower Fetes Miss Kergosien At Smith Home

A pastel pink and white color scheme prevailed at the A. P. Smith home on South Beach Boulevard Saturday afternoon for a miscellaneous shower in compliment to Miss Kinta Kergosien, bride-elect of Walter Leander Kenley Jr.

Hostesses for the occasion were Mesdames Smith, John Fagan of Metairie, Bea Smith, Michael Egan of Washington, D. C., and Miss Shirley Sewell. More than 35 friends attended. Miss Clara Kergosien, aunt of the honoree, presided at the punch bowl and the young tea girls, all attired in ballerina-length gowns of pastel shades, were Kinta Egan, Hope Sewell and Aline Sewell.

For the party, Miss Kergosien chose a pale blue tulle and lace dress with pink sweetheart roses at the shoulder. Her mother was in white linen, edged with brown, and yellow flowers.

A handsome linen cloth covered the dining table where dainty cup-cakes, minis and other refreshments carried out the color scheme.

Mrs. Horace Kergosien and her daughter, Mrs. David Treutel, were hostesses at the Kergosien home on Carroll Avenue Wednesday for a luncheon honoring Miss Kergosien.

The luncheon table was covered with a shimmering embroidered linen cloth and adorned with ivory backed by candelabra. A pink and white color scheme was followed.

Covers were laid for the honoree, her mother, Mrs. J. J. Kergosien, Mesdames Jack Dismund, A. P. Smith, J. S. Blaise, J. J. Larroux, John Scattee, Sam Plazze, J. R. Shadon, Charles C. Branch and Miss Clara Kergosien.

Mrs. Samuel to Speak on Library Promotion Series

Promotion plans for the Louise Crawford Junior Room at the City-Coast Memorial Library get underway at 10 a.m. Aug. 6 when Mrs. E. C. Samuel of Waveland will speak about her African safari.

The library board has set admission at \$1 and proceeds will be added to the building and savings fund already established. Mrs. James Robert, board president, says that this review is not included in the usual Spring series of reviews that are sponsored by the board.

Mrs. Samuel toured the Union of South Africa during April and May.

Shamrockers Dine

Members of the Shamrockers Social Club held a spaghetti supper at Henderson Point Thursday night. Attending were Lucien Kidd, John Ladner, Dr. Wesley McFarland, Dr. Ralph Payne, S. J. Piralo Jr., Lucas Pucheu, Rogers Reinke, Nellus Rhodes, Bert Stieffel, Al Summy and Frank Trapani.

Huss at English Teaching Seminar

Roy G. Huss, 784 South St. Waveland, is presently attending a four-week seminar on the teaching of English as a foreign language at the American Language Center of American University, Washington, D. C.

Huss, a Fulbright teacher exchange grantee, will depart for Italy at the conclusion of the seminar on Aug. 14. He is an instructor of English at Wayne State University.

After completion of the seminar, the 26 Fulbright recipients will travel to Italy, Morocco, Laos, Turkey, Pakistan, Cambodia and Iran, where they will teach English in secondary schools for one year. The Fulbright grant may be renewed at the end of the first year.

WHERE THE TALL CORN GROWS—Edro Lee and his son, Larry, check the development of a stand of corn on his truck farm at Leetown. Corn is his best seller during the heavy produce season.

Edro Lee of Leetown Is Busy Truck Farmer

Customers, armed with bushel baskets, sacks and hampers, flock to the Lee truck farm in northwestern Hancock County when Edro Lee proclaims, "Come pick your own."

Located at the end of a narrow dirt road in Leetown, the 71-acre farm yields an abundance of top quality vegetables.

"This land has been in my family for three generations," said Lee as he sat on his back porch in the shade of a giant oak tree, covered with Spanish moss. "Those fields used to be a heavy tickler. I can remember seeing my grandfather clearing the brush with a shovel and pick."

From the back porch of the yellow pine house you can see the carefully planted produce. "When I came back in 1946 after my time in the Navy, my father had died and the place was completely overgrown." His weather-beaten face and lean body indicated long hours in the field under a broiling sun. "But now, the place is paying for itself. I took advantage of every farm program I could," Lee said.

"I never have to leave to sell the produce," he added. "Everything we sell is sold here on the farm."

"Four acres are planted in truck crops now, and my 12-year-old son, Larry, and I work them with a small tractor and cultivator. The rest of the farm is in improved pasture and field crops."

"Fresh green corn is our biggest item. I try to have two to six different ages planted two weeks apart so we'll have some the entire season. I guess we've sold a box car load already this year," he added.

They also sell okra, bunch and pole beans, butter beans, string beans, field peas, crowder peas, tomatoes and just about anything else you can name.

"We've had some trouble with Quick Wilt on the tomato plants. It's quite a problem in our area, but I've found that the Gulf State tomatoes hold up better than the hybrids."

"The Irish potatoes are planted in February, and then the first major planting is in March. We try to have the potatoes and beans ready for the market by late March and April. Of course the best selling period is in April and May when everyone is so tired of winter food," Lee said.

VOTE FOR LELAND SPEED

Candidate for STATE TREASURER

Leland Speed is the candidate with the greatest record of contribution to the economic, governmental, religious, educational, civic and business progress of Mississippi:

- He has a very successful career in banking, finance and business.
- He has saved Mississippians many millions of dollars by handling city, county and state bonds.
- He has been Mayor of Mississippi's Capital city.
- He has the record of experience essential to handling the \$1/2 billion of taxpayers money during the next four years.
- He has served Mississippi's schools, colleges, hospitals, churches, YWCA and other civic groups unselfishly with his time, material resources and hard work.

VOTE ☒ LELAND SPEED FOR STATE TREASURER

(Paid Pol. Adv.) Submitted to and approved by Leland Speed, Jr., Campaign Manager

WHY WE VOTE TO RE-ELECT A.C. "MITCH" MITCHELL OUR CHANCERY CLERK

BECAUSE

1. The confidence placed by the people of Hancock County in A. C. Mitchell has paid off during his tenure of office.
2. He has been completely tried, tested and approved.
3. He is qualified in every respect to administer the affairs of the office.
4. He is not aligned with any political group or clique, but relies strictly on his own merits and past record.
5. He was instrumental in putting your County on a cash basis.
6. He has worked untiringly for the growth and development of Hancock County. (Your County has grown approximately three fold during his tenure of office.)
7. He has administered an honest, capable and efficient service to the people of Hancock County, and always upholds the dignity of the office in which he serves.
8. The records of Hancock County today represent an open avenue to the advanced growth and development of your County.
9. A. C. Mitchell has established himself as part of an administration that has brought Hancock County from a small bankrupt subdivision of the State of Mississippi into one of the top counties of the 82.
10. He has been instrumental in bringing about a closer weave of friendship between your municipalities, communities and counties.
11. During his tenure of office he has been content to continually seek reelection to the office to which you so graciously elected him.
12. He has proven by his record accomplishments, during his tenure of office, that there is absolutely no substitute for experience.

People of the 40th. Senatorial District, consisting of Hancock, Lamar, and Pearl River Counties are supporting

C. E. ROUSE

for State Senator because:

He is a true product of this district. He was born in this district in 1903. He was left an orphan in this district, at four years of age, by the tornado which destroyed the town of Purvis.

He was reared in the homes and by the people of this district. Some people know him by his given name, Ellis. By others he is called "Shorty", and by his childhood friends he is affectionately remembered as "Sykes".

He finished his public schooling and Pearl River Junior College in this district. Mrs. Daisy Burt Cooper of Purvis was his first teacher. The people of this district assisted him in obtaining six years of college training from four different Colleges and Universities. He is a graduate of Mississippi State University.

He has demonstrated his ability, devotion and loyalty to the people of this district by many years of honest, efficient and courteous service. He has served as an Agricultural teacher in Baxterville High School, in Savannah High School and in Pearl River Junior College. He has served as principal of Columbia Training School and of Home High School in Stone County. He has proved himself to be a true servant that is worthy of his hire.

His people have served this district as public officials, continuously, for more than fifty years. The late U. S. Senator, Hon. Theo. G. Bilbo's mother and his grandmother were sisters. The beloved late State Senator H. K. Rouse and his father were brothers. Our Secretary of State, Hon. Hober Ladner, is a distant cousin. Norman C. Rouse, Chancery Clerk of Pearl River County for many years and now nominated for reelection without an opponent, is of first cousin. C. E. Rouse is proud of the records of his family and he would never be a person that would betray the confidence that has been placed in him.

His wife is from the Carriere Community of this district. Their three older children are now establishing homes in this district. It is his ambition that his youngest son, now five years old, may have an opportunity to grow up among the children of this district and continue to perpetuate the name which he now wears in a just, honest and honorable manner.

He owns and operates farms in this district and has a broad understanding of our Agricultural problems. He has always had to be conservative with his personal spending and he will follow the same policy in decisions pertaining to our public funds.

He has presented a challenging program in his platform through the papers of our district. He would work with all the strength and ability that he has and in every honorable way that he knows in trying to secure for us those things which we need. At the same time and with equal vigor he would use all the resources at his command to defeat and destroy those measures or forces which are against our best interest or against our traditional ways of life.

The people who know him and are familiar with his love, devotion and loyalty to the people of this district, know that they can trust him to represent them honestly, honorably and efficiently at all times and in all places, in a manner that will reflect credit upon this district. He will do anything that is honest and honorable to help a friend and he sincerely hopes that he does not have an enemy in the world.

He is made of the type of materials that ring true when thrown against the cold, hard counter of life. He regrets that it has been impossible for him to make a house to house canvass in this campaign, but he humbly and sincerely solicits your continued support and influence in this campaign.

NEW TOP—City-County Memorial Library's plans for a new room were temporarily stalled last week when it was necessary to go into the "room fund" to replace the library's roof.

NOTICE

Now under construction and soon to be completed, located on Dunbar Avenue, Bay St. Louis, is a modern air-conditioned fully equipped 30 bed hospital. This will afford all the people of Hancock County the opportunity of having the best in medical attention and hospital care right here at home.

The people of Beat 5 can thank their Supervisor, R. G. "Manny" Hubbard for this. It was largely through his efforts and his courageous leadership in the Board of Supervisors that this was accomplished. This is but one of many important projects accomplished during his term of office.

The people of Hancock County, and more especially the people of Beat 5, need and deserve the honesty, integrity and economic ability that "Manny" Hubbard can give them as supervisor.

It is your duty to vote for the man you think best qualified for the office. It is our recommendation that you re-elect R. G. "Manny" Hubbard.

LAUNDERING RULES

Some rules for good results on wash day are:

Don't overload your washing machine. It is wise to weigh the loads. A small load will be cleaner than a "too full load."

Measure the detergent. The old rule that if a little does a little good a lot does a lot of good, a lot of good does not work here. You waste detergent and money.

Red Cross Gets Instructor for Life Saving Class

Tentative plans to begin junior and senior lifesaving classes by mid-August were made known this week by Mrs. O. Delph, executive secretary of the Hancock County chapter, American Red Cross.

She said arrangements are being made with Roland Lopez, swimming instructor at Camp Salmon near Slidell, La., to teach the classes. Enrollment is being accepted at the Red Cross office or through John D. Rutherford. Meanwhile, the chapter at its annual meeting last Wednesday reelected J. Cyril Glover as chairman, M. A. Phillips Jr. as second vice president succeeding D. B. Martin. Others reelected were K. W. Pepperdene, first vice chairman; Alvin Genin, treasurer; Mrs. Henry Osborn Jr., secretary, and Mrs. Delph, executive secretary.

Rinse well. It is necessary to rinse when you use detergents. Take care when you bleach. Some of the advertising on bleaching cannot be depended on. Bleach to remove stain that is left in after soil is out, such as on collars and bottom of socks. Bleach to remove oils, mudstains and food stains.

Do not bleach every washer load: it weakens the material and clothes wear out faster.

Do not overdry, if you are the proud owner of a dryer.

LIME CHIFFON PIE

1 Envelope plain gelatin,
1/4 cup cold water,
4 eggs, separated,
1/2 cup lime juice,
1 cup sugar,
1/4 teaspoon salt,
1 teaspoon grated lime rind,
1/2 cup heavy cream, whipped.
Soften gelatin in cold water. Beat egg yolks in top of double boiler. Mix in lime juice, 1/2 cup sugar and salt. Cook over hot water until mixture thickens slightly, stirring constantly. Remove from heat. Add gelatin and stir until dissolved. Add lime rind. Beat egg whites until stiff peaks form. Gradually beat in remaining sugar. Fold gelatin mixture into egg whites. Then fold in whipped cream. Turn into 9 inch bake pie shell.

Tomatoes with a greenish cast will ripen better when held at room temperature than when placed in direct sunlight; unripe tomatoes that are refrigerated will not ripen properly, and will become watery.

IN TRAINING—P. V. T. Lawrence J. Favre Jr., son of Mr. and Mrs. Lawrence J. Favre of 409 St. George St. has been assigned to Company A, 9th Battalion, 2nd Training Regiment at Ft. Jackson, S. C., for eight weeks basic combat training after which he will receive a two-week leave before reporting for his next assignment.

THE JOHN D. SMITH HIGHWAY PLAN FOR THE MISSISSIPPI GULF COAST

The Mississippi Gulf Coast is on the Move! As a Tourist and Recreation Area, it is becoming one of America's busiest. New industries are locating here. More people are coming here. More natural resources and skilled workmen abound. Steps are being taken which will make the Gulf Coast a Major Seaport Area.

GOOD HIGHWAYS WILL CONTRIBUTE

Continued development of Good Highways, based upon Sound Planning, will contribute to the realization of this Gulf Coast Dream!

JOHN SMITH'S PROGRAM IS SOUND

Three Main Objectives must be Achieved in the Future Planning of the Highway System:

1. The Highway-Developed Resort Area on Present U.S. 90 must be served after the New Interstate Highway is built.
2. The Network of Highways leading to the Coast must be improved systematically.
3. The final location of Interstate Highway No. 10 must be determined so that it will not interfere with the Port, Industrial and Canal Development that is being planned for the benefit of this Area.

In Hancock County present U.S. No. 90 will be four-laned to the intersection. Then, Highway No. 43 will be four-laned into the new Interstate Highway No. 10. This route will be designated as the Gulf Coast Route of the Mississippi Gulf Coast through Hancock, Harrison and other counties.

Should future traffic needs require the four-laning of U.S. No. 90 at the intersection on to Perlington, that will require the attention of the State Highway Department.

Tree Farms in County Cover 76,771 Acres

Hancock County tree farmers have 76,771 acres, according to a report by the Mississippi Forestry Commission. The report says that the county has the largest area of tree farms in the state. The report also says that the county has a large number of tree farms that are owned by individuals. The report says that the county has a large number of tree farms that are owned by individuals. The report says that the county has a large number of tree farms that are owned by individuals.

Timber must be managed under a plan for continuous production. Having satisfied the qualifications or having decided to work toward them, the potential tree farmer must then apply for certification of his place in the American tree farm system. The Mississippi tree farms program is affiliated with the national program but is operated by the Mississippi Forestry Association. Local committees of the Association will accept applications for certification and arrange for foresters who are Association members or co-operators to conduct inspections of the property and render the certification that the tree farm satisfies the requirements.

Rieux Convicted In Mayor's Court

Herman Rieux of Booker Street was fined \$15 or 15 days in jail in Mayor's Court Monday on charges of simple assault, resisting arrest and using profane language. He had pleaded guilty to the first two but maintained his innocence on the third. The charges arose when police were called to his mother's home where Rieux was beating his wife. Officers said the man was in bed when they arrived and that he emerged from the house waving a stick and cursing. After a struggle Rieux was subdued and placed under custody. Mayor John Scaife admonished Rieux to be on his good behavior as there would be no leniency in the court if he came

Abandoned Car Is Found at Clermont

An abandoned 1954 D. bearing a Jackson County license was found Wednesday on the Clermont Harbor Back Road, according to deputy Sheriff Carl Garcia. Garcia said he believed it was stolen because the license was switched. A check with Jackson county officers revealed the plate belonged to a Mercury. The car was found by a Clermont Harbor resident Friday and reported to Deputy Leonard Ladner, who in turn reported to the sheriff's office. Jackson County police are checking ownership on the car. before it again for a similar charge.

Operating Loans Available To Hancock County Farmers

Applications for loans from the Farmers Home Administration are being accepted at the local office in the Agricultural Center Building, Bay St. Louis, according to Max Stone, county supervisor for the program. Funds from the U. S. Department of Agriculture agency are available only when farmers and ranchers are unable to obtain adequate credit at reasonable rates and terms from other lenders, he emphasized. Most of the loans assist owners and operators of family-type farms. Farmers who have part-time employment off the farm may obtain operating loans. In both instances the applicant must be an established farmer carrying on substantial farming operations and spending most of his time farming. With the loans borrowers receive, to the extent necessary, the assistance of the agency's county supervisor in preparing farm and home operating plans, in keeping farm records and obtaining advice on farm problems. A county committee of three people, 2 of them are farmers and 1 banker, determines the applicant's eligibility. Loans vary considerably in size depending upon the system of farming to be followed and actual needs of applicants. A borrower's total principal indebtedness for operating loans may not exceed \$20,000. Loans are scheduled for repayment in accordance with the borrowers' abilities to repay, over periods not exceeding seven years. Loans are secured by liens on crops and chattels.

E. E. BRELAND

Announces For
REELECTION
for
**COUNTY
SUPERINTENDENT
OF EDUCATION**

In pledging my experience, ability, capability and knowledge of the public schools of Hancock County, I hereby announce my candidacy for reelection to the office of County Superintendent of Education of Hancock County.

In asking the continued support and influence of the people of this county I am fully aware of some of the most important tasks which still confront us.

My I express to each of you, the gratitude and respect I have for the wonderful support you have given me during the past twelve years.

When elected your County Superintendent in 1947 realized the great need for new buildings, new classrooms and renovation of the old buildings in all the schools of the county. During my first term in office, with the wonderful support I was given, this program was completed.

In 1953 our legislators saw fit to abolish all the school laws of the State of Mississippi and enact into laws the new program under which we now operate. With the help of you people, and following the laws and regulations which were given us, we were the eleventh county in the State of Mississippi to be reorganized and approved by the Mississippi State Educational Finance Commission. We were one of the first counties of the state to complete our program for the colored children. In our county we have had harmony among our people, both colored and white, and we have tried to furnish separate and adequate school facilities for both races.

When elected your County Superintendent in 1947 there was not a colored high school student provided a high school opportunity outside of the City of Bay St. Louis and Waveland; neither were they provided transportation to a high school. If these children attended school it was necessary that their parents board them away from home. In 1948 we provided them this needed transportation.

Under our new school program with the completed added classrooms at Logtown and North Central being completed, we only need two additional classrooms at Gulfview, which we hope to have by early fall. We will then have our plant facilities adequate for several years.

As County Superintendent under the new re-organization set up by the State Legislature your County Superintendent only acts as secretary to the County School Board. Your County School Board members are elected by the qualified electors of each beat, therefore all decisions are made by the Board and the County Supt. is instructed to carry them out. Your County School Board and not the County Supt. of Education located the schools under the new re-organization plan. The School Board determines the children who will ride the school buses, and not your County Superintendent.

As Superintendent of Education, I would frequently like to do things the law doesn't permit. So there will be no misunderstanding, the Bay St. Louis Municipal Separate School District, and its schools, are not under the jurisdiction of the Hancock County Superintendent of Education. Furthermore, the laws of Mississippi do not permit public school buses to carry students to or from private schools.

I believe that the girls and boys of Hancock County deserve schools equal to those of any other state, and if reelected your County Superintendent of Education I shall ever strive to maintain the high standards which we have now acquired. I may modestly state that Hancock County Schools during my term are unsurpassed by any other county in the State.

Since elected your County Superintendent I have devoted my full time to the best interest of the girls and boys of this county. I have proven my ability to work for your children honestly, efficiently and without fear or favor from any person or group. I have gained experience and knowledge which will enable me to help you continue the program which we now have started. As custodian of the funds there has never been any question or reflection cast in my direction as to their use. Teachers, bus drivers and other school personnel have never had to wait for their pay when due.

This is no time to gamble with the lives of your children and their education by voting for a man who is not familiar with the working of this new program.

I urge you to consider what I have humbly tried to do for the girls and boys of this county during the past twelve years as your County Superintendent and if you feel I have been a good custodian of your choice possessions, your children, your vote and influence will be greatly appreciated.

Frey Resigns As Sideline Club Prexy

A. J. Frey Jr. resigned Tuesday as president of the St. Stanislaus Sideline Club, explaining that he is moving soon to New Orleans.

First vice president Charles F. Gotschalk will be elevated to the presidency and A. J. Chapman Jr., second vice president, will replace him, according to Brother Constantious. James Travica was named to succeed Chapman.

Brother Constantious said the club had not done as well financially on the recent inboard races as anticipated but with other projects coming along should reach its goal to replace bleachers on the football stadium by fall.

The club has rented the stadium to Earl Ramond for a political rally Aug. 3 and is assisting in calling candidates to speak.

Ramond announced at a rally Sunday that the occasion would celebrate his 18th wedding anniversary. Sideline members in charge of concessions stands. Brother Constantious added all candidates are invited to speak and "The club is in no way connected with any candidate."

Gartin Rally...

(Cont. from Page 1)
He reminded the audience of the almost unanimous vote he received in 1955 from Hancock county in his race for lieutenant governor. Referring to his experience, he stated that he was asking simply for a promotion, but not without his previously stated plans or programs.

Gartin was introduced by Waveland Mayor Garfield Ladner, master of ceremonies for the rally.

State senator candidate W. L. Moseley of Picayune, answering a charge that a Picayune man had broken the "gentlemen's agreement" existing between the counties, said the people should not continue to send a senator to Jackson for four years and then bring him back and get nothing out of him.

The editor of the Sea Coast

Albert N. Grass of Waveland was installed as Faithful Navigator by Pere Le Duc Assembly Fourth Degree, Knights of Columbus, in ceremonies Tuesday night at the KC Hall in Bay St. Louis.

L. A. Koenen of Long Beach, Faithful State Master of the Fourth Degree Knights of Columbus for Mississippi, was the installing officer.

Grass and his wife and two children live in Waveland where he is in construction work. Elected to the Waveland board of aldermen in the last municipal election, he is chancellor of Pere Le Duc Council 1522, Knights of Columbus, and has served as Faithful Comptroller of the Fourth Degree for the last three years.

Other officers installed Tuesday were: Carl Arnold, Faithful Captain; Charles F. Gotschalk, Faithful Admiral; J. T. McCaleb, Faithful Pilot; Arthur Chapman, Faithful Comptroller; Tony Morreale, Faithful Inner Sentinel; and Sylvester Benigno, Faithful Outer Sentinel.

Father Celestine of Annunciation Church, Kilm, was selected as Faithful Friar by the new officers.

A dinner was served afterwards by Tony Morreale.

TO THE PEOPLE OF MISSISSIPPI

Greetings —

We the undersigned are all candidates for the office of District Attorney for the 11th Judicial District of Mississippi, the position now held by our friend, Charles L. Sullivan, who is a candidate for the Governorship of Mississippi and is therefore not standing for re-election to his present post.

In spite of the competition for this post as District Attorney that exists between us, there is one very important thing on which we all three agree:

If Charlie Sullivan had desired to continue as District Attorney in the 11th Judicial District he could have been re-elected. In fact, not any one of the three of us would have entered the race if Charlie Sullivan had announced for re-election.

County Agent Notes....

By Howard Simmons

SHEEP NOTES

It is time now for you to make plans for buying ewes for the next breeding season.

Whether you are buying for replacements, increasing ewe numbers or starting a new flock, ewes from the Southwest usually do the best job of producing spring lambs.

Most producers prefer Rambouillet/Suffolk or Rambouillet/Corriedale crossbred ewes. They usually lamb early, are good mothers. They are good milkers, hardy, are long-lived and when bred to good registered mutton-type rams, produce top lambs.

One of the better ways to secure good breeding ewes is to buy ewe lambs in the fall. These can be bred as yearling ewes next season. After wintering, you will likely have less money tied up in these than if you bought yearling ewes in the spring. Also, after wintering in the state, ewes usually produce a higher percentage lamb crop than ewes brought in just before breeding.

Remember, some Western ewes are no better than our native ewes. Know where your ewes come from. Check with your county agent to locate the right kind of ewes.

Do not buy old crop ewe lambs in lamb pools for breeding. They are late lambs or they would not be there. If a lamb comes late, she is likely to lamb late. Beware of this kind of ewe lamb from any source.

BEAT THE HEAT

Farmers are more exposed to dangers of heat prostration and sunstroke than most workers. They should take every precaution to avoid these health hazards.

The first step is preventing heat sickness is to take more salt with meals and salt tablets with water, or a tablespoon of salt to each gallon of drinking water. This will help replace salt lost through heavy perspiration.

In addition to taking extra salt with water and meals wear a hat to avoid too much exposure to direct sunlight. Avoid over-exertion, especially during the early part of the heat wave. Wear light, porous and loose fitting clothing. Drink plenty of water but avoid icewater or alcohol. Get plenty of rest.

MANAGE TEMPORARY GRAZING

During July and August livestock should be given only an hour or two grazing each day on Sudan or millet. This will help a lot in keeping down overgrazing.

If you want more growth from old Sudan or millet, clip it and reentrane. Raise the clipper blade six to eight inches so plenty of joints will be left for new growth.

You won't get a much growth from old Sudan and millet as you will from new planting so apply 30 to 40 pounds per acre of nitrogen to get the best from the plants during the rest of the summer.

DAIRY MANAGEMENT

Give your dairy cows a rest. For best results over the long run, cows should be given a 60-day dry period following lactation.

This means that cows calving in late August or early September should be dried off now and conditioned for calving.

Feed a conditioning ration (not fattening) and see that the cows gain at least as much weight during the dry period as they will lose at birth of a calf.

Proper conditioning prior to calving can mean an additional

September. Expenses for this trip will be paid by the state as one of the prizes awarded the state winners.

The board members will approve the total contribution in early August when it can be determined how much of the \$400 can be obtained from other sources.

Approval was granted to forms submitted by County Engineer C. L. Mobley which would allow H. E. Wilson, an employee for sub-contractor's Busch and King of Taylorsville, to drive piling on project 1107-1B in Beat 1. Mobley explained that approval was only a legal technicality.

ATTENTION RESIDENTS OF HANCOCK COUNTY

The Industrial Development Committee of the Chamber of Commerce has been working very diligently to bring industry into our County. We have learned that, before industry will come into a community, there are certain requirements that are necessary:

No. 1 - An Industrial Survey

No. 2 - A Labor Survey

We have been compiling data for this Industrial survey, and one of its most important phases is the Labor Survey. We are mailing out a questionnaire in connection with the Labor Survey to all of the people in our County who are customers of the Coast Electric Association and the Mississippi Power Company. In this way, we feel we should reach practically every resident of the County.

If we are to bring business into Hancock County, it is absolutely essential that this Industrial Survey be made. In nine cases out of ten, manufacturing concerns which are seeking a location in the State of Mississippi will inquire directly to the Industrial Board of the State of Mississippi. Unless and until this survey is in that office, there is very little possibility of industry coming into this area. As it stands today, we are one of the few counties which has no Industrial Survey in the Office of the A. and I. Board.

You will note, in the questionnaire, that one does not have to be unemployed to complete the form. We are endeavoring to induce people, who are employed elsewhere, to come back to the community in which they were reared, and work provided salaries and working conditions were satisfactory.

The following members of the Industrial Development Committee are very anxious to complete this Survey as they have been working very diligently toward accomplishing this end:

A. G. Dantagnan, Chairman
Leo Seal, Jr.
H. C. Berckes
Norton Haas, Jr.
E. M. Brignac, Jr.
John J. McDonald
Hardin Shattuck

Your cooperation will be greatly appreciated.

If Hancock County is to continue to be a community for retirement, and the people elected to public office are to hold the office they are seeking.

We feel that Russell Elliott, with his business and civic activities, has the qualifications to weigh a decision and give justice where justice belongs.
